Hunter Amenities

Luxurious Brands. Innovative Leaders. Global Experts.

Our Story

Established in 1981 in Burlington, Ontario, Canada, Hunter Amenities is an award-winning global formulator & manufacturer of cosmetic and personal care products for the hospitality, travel and retail industries. Founded and actively led by John Hunter, with his sons Dan and Brandon working alongside him, the company continues to thrive from Hunter family leadership and continuity—today and well into the future.

With world-class facilities in Canada, China, India, Malaysia, Colombia, Egypt, and Turkey, we blend artisanal traditions with cutting-edge innovation to craft unrivalled brand collections. Backed by 40+ years of expertise, Hunter Amenities is a trusted partner delivering innovative global solutions to hospitality and retail partners in over 120 countries.

Steps to Purchase

We provide your property with essential supplies and premium personal care items designed to enhance every guest's stay. Our goal is to ensure a seamless experience that reflects quality, comfort, and attention to detail—helping you deliver exceptional hospitality.

Food & Beverage - Moccona

With roots tracing back to 1753 in the Netherlands, Moccona has become a beloved name in coffee culture, especially in Australia and New Zealand. Originally introduced as a premium instant coffee, Moccona is celebrated for its smooth, rich taste and iconic glass jar that symbolizes indulgence. Crafted from a blend of Arabica and Robusta beans, Moccona offers a range of freeze-dried coffees and Nespresso®-compatible capsules, delivering convenience without compromising quality. Committed to sustainability and responsible sourcing, Moccona continues to create moments of pure coffee pleasure for homes around the world.

Food & Beverage - L'OR

Born in France with a mission to deliver the world’s finest coffee, L’OR is synonymous with luxury and craftsmanship. Each blend is created by expert Coffee Artists using carefully selected beans from the best coffee-growing regions, resulting in rich layers of flavor and aroma that seduce the senses. Known for its recyclable aluminum capsules and compatibility with Nespresso® machines, L’OR combines innovation with sustainability. Today, L’OR offers a premium coffee experience that transforms every cup into a moment of indulgence.

We are committed to ethical,
sustainable sourcing and
manufacturing.

Committed to Sustainable Accessories

Bamboo

Bamboo fiber is a environmentally friendly material, with less pollution to the environment and can decompose. It is a natural antibacterial, with excellent mechanical properties. It is a sustainable resource as there is no need to cut down trees. It’s a common misconception that bamboo is a species of tree...but it’s actually a grass plant!

Wheat Straw

Our wheat straw eco-friendly accessories are a smart, environmentally responsible alternative to plastic. Wheat straw starch is the stalk left over after wheat grains are harvested. It has traditionally been treated as a waste, however now it is reclaimed and used to make our eco-friendly wheat straw accessories.

Committed to Sustainable Accessories

Hunter Amenities is committed to developing and creating innovative product and service solutions that positively impact the social and environmental landscapes through ethical and sustainable sourcing and manufacturing.

Committed to Sustainable Accessories

Personalise your guest experience while reducing your environmental footprint with our range of environmentally sensitive guest products. All items can also be customized with your hotel logo. Contact us today to find out more.

Dry Accessories

Crafted from eco-friendly materials, including wheat straw, bamboo, and vegetable-based inks, our dry accessories offer a smart, sustainable alternative to traditional plastic amenities.

Featuring thoughtfully designed essentials that are durable, functional, and planet-friendly, our range supports your property's commitment to reducing environmental impact without compromising on quality.

Contact us for more information about our sustainable options.
